

OCTOBER 2024

SAFETY

Born to Take Care of Your Bike (sung to the tune "Born to Be Wild" by Steffenwolf)

Get your motor runnin', Head out on the highway
Go back to the ga-rage, And change your fluids all the way

Yeah, darlin' Gonna make it happen, Lubricate with a love embrace
Going through the whole thing TLOCS, And find a good space

A place no smoke or lightnin', Or heavy metal thunder
Or racing in the wind, Use a cover, put it under

Yeah, darlin' Gonna make it happen, Clean and shine to avoid the rust
Use stuff on the vinyl and leather, Cover it from the dust

Like a true nature's child, You were born, Born to be wild
But to keep your bike well, Keep it where it's dryyyyyyy
Born to be wild, Born to be wild

(Musical interlude if you like)

Get your motor runnin', Stabil in the gas tank
Run it for a little while, Makin' sure that it did take

Yeah, darlin' Gonna make it happen, Charger on the battery
Clean rags put 'em in exhaust now, With WD-40

Like a true nature's child, You were born, Born to be wild
But jack your bike up high, So your tires won't diiiiie
Born to be wild, Born to be wild!

Hum a few bars and fade off.

Ride and drive safe out there!
John Knickerbocker, Safety Officer
